

Show day feels like it is creeping up on us fast! We are so excited for all of you! So much hard work and dedication has gone into your journey this far and we are flattered you chose us to help you look your best on stage!

With that being said we have a little more prep for you to do!

BROWS

We do please ask that you have your brows shaped (either waxed, tweezed, threaded etc) prior to the show, as we will not have time to help you out in this area the morning of. The schedule is pretty full and we will not have time to do brow shaping for you.

Ladies .. And some of the Gents (if you have an eyebrow regime)!

Brows shape the face and give your makeup that finished look we are wanting to achieve. Just keep in mind any sort of waxing should be done **A WEEK** before. If it's done too close to the show makeup will not stick to the skin properly.

Face - Please make sure to exfoliate your face :)

No lotions on face the morning of your appointment

Hair

Hair should be clean and blow dried. Please **DO NOT** apply any heat or straight irons to hair prior to your appointment or your hair may not curl/respond as well. **JUST clean and blow dried.**

Extensions

The same applies (do not apply heat or styling tools to the hair)! Wash as normal, brush and lay flat on towel to air dry Bring your clip in extensions with you, and we will put in on day of the show and style. Please make sure they are dry!

Please Print this if you need! We know the show can be a crazy time!

We are super excited to be apart of your big day!
See you all soon!

The BeautyMark Team
